hey Listers,

Attached to this e-mail is 2 files. one is a pcx and the other file is a psd file of the game i am working on (the egress, formerly known as rogara).. the plot is the same, so anywho, here is a taste of 2002's new pc engine game!

thank you all for keepin pc engine alive,

-Chris, Bt Garner, and Eagan Rackley

-I'd say \$42 is a pretty good deal. It has come down a bit in Japan... you can see used (no spine w/ some wear on it) in the \$40 range here, but not super often. The only store I ever saw it at for a year was Medialand, and they wanted right at \$90 or so for it. I paid through the ass for my sealed copy. :)

Paul
