a small piece of trivia that i've never noticed in all my years of watching the trek really jumped out at me the other night, in light of recent events.

question:

what comment did Marla McGivers make with regard to Kahn's national origins just after she gets her first glimpse of him?

answer:

... he's "probably a Sikh; they were fantastic warriors."

no political comment here, just found it interesting.

Ummm...
That's Khan, not Kahn
