What's the deal with Nexus incinerating Teen Angel.
I thought he was only supposed to incinerate mass murderers.
35 people doesn't seem like a whole lot of people compared to
the head count of the other mass murderers he killed?

These color Nexi definitely not up to par with the black
and white issues, it's just that I can't pinpoint why.

C'mon, 35 people is a lot. Most serial killers don't hit that many.
Anyway, since we have no idea why Ylum sends dreams to Nexus about any
particular person, speculation is pointless.

I'm anxiously awaiting his dream about Judah....

And of course, in a few years, he may well have a serious problem: namely,
he will have killed an awful lot of people himself. Sweet dreams, Horatio.
